

# Facial Treatments, Enhancements & FAQ's

## **Customized Facial**

Experience a customized and curated facial using purposeful, strategic and active formulas from the freshest food grade, organic, wild crafted, botanical, aromatic and mineral rich ingredients.

Your skin will absorb biomimetic marine algae, botanical stem cell therapy, liquid oxygen, and macro/micro vital elements of Copper, Zinc, and Magnesium to boost collagen for smoother, younger-looking skin, while aromatic plant and root essences promote elimination of trapped wastes to rid toxins .

## **Ultimate Signature Facial**

Discover powerful ingredients and treatments to target all of your skin needs. Our signature facial cleanses, corrects, and brightens pigmentation, nourishes and leaves the skin ultra-hydrated. A powerful complex of unique sea-based, repairing enzymes and antioxidants strengthen and repair the skin, neutralizing free radicals and reversing the effects of sun exposure. This natural, youth-renewal treatment results in amazingly soft, supple skin and can be tailored to your skin's individual needs.

## **Back Facial**

Treat and replenish that hard to reach area. Much like our other facials, the back facial uses a blend of organic, targeted ingredients to detoxify, exfoliate and hydrate the back leaving you feel refreshed and renewed.

## **Express Facial**

Our "lunchtime" peel is specifically designed for the modern day women on the "go" to get a glow in an efficient 20 minute skin-fit appointment. Also great for a pre-red carpet event! You'll receive the ultimate brightening and resurfacing experience to smooth lines, remove dryness, even skin tone, and minimize the appearance of fine lines and large pores—without any redness or irritation.

At the conclusion of the service, your skin will feel incredibly soft and look impeccably smooth—with NO irritation.

### **Diamond Dermabrasion Peel**

Rejuvenate your skin while reducing the appearance of fine lines, sun damage and scarring through a quick, safe, and effective form of exfoliation for all skin types with no downtime and virtually no discomfort.

The Diamond Dermabrasion Peel uses a diamond tip to perform the gentle exfoliation to the stratum corneum, the skin's outermost layer. Once removed, the skin will be open to absorb and receive the transformative organic and active ingredients consisting of our signature Evoq biomimetic micro-algae, botanical stem cells, amino acid peptides, antioxidants, and minerals. This treatment will leave the skin looking refreshed and renewed.

### **Youth Renewal Facial Peel**

For those looking to correct superficial flaws and revitalize the skin, our peels offer a variety of options to a more gentle, no-downtime alternative to harsh chemical peels.

Instead of forcing the skin to repair itself with damaging chemicals, our Beautiful Skin Guides work with the skin's own chemistry to encourage healthy exfoliation and renewal. Using biomimetic, potent ingredients, there are minimal irritation risks. Our Youth Renewal Facial Peels come in a variety of strengths and are powerful enough to dramatically diminish the appearance of fine lines, dark spots, oily and acne-prone skin.

### **Rezenerate Facial**

The Rezenerate Facial is a youth-renewing, anti-blemish facial using the most advanced, clinically proven, non-invasive, micro-permeation wand. In combination with our leading biomimetic, skin-fit Evoq ingredients you will see immediate results without pain or discomfort and no risk of infection.

Specifically, this treatment will reduce wrinkles, scars, blemishes, dark spots, and drastically improves your overall complexion and skin tone while re-plumping and re-energizing tired and lackluster skin. By exfoliating and removing old debris and deadened cells, a greater absorption is allowed for the skin to be deeply nourished for long term optimal natural beauty.

## **Custom Wellness Skin Care Home Remedy Program**

Our Beautiful Health Skin Guide will customize a home ritual to achieve your preventative and long-term skin health goals. Each facial is tailored to your specific skin concerns to keep you looking as youthful as you feel!

# Facial FAQ's

**Q: Why do we use state of the art ingredients?**

A: Prevent the degeneration of the skin caused by biological and adverse environmental factors. Production of youthful cells is stimulated and facial contour is firmer. We only use gentle, yet highly effective treatments designed to defend skin against the signs of aging including premature fine lines, wrinkles, and sagging facial contour.

Powerful Facial Ingredients we use:

- Sea-based marine technology including an algae bio-tech blend of astaxanthin and omega fatty acids
- Clinical stem cell therapy
- C-Esters to correct and brighten
- Reparative macro/micro vital elements to boost collagen and plump the skin
- 100% organic aromatic essential oil essences
- Pure liquid oxygen promotes elimination of toxins and increase delivery of nutrients
- Seed oils and omegas antioxidants strengthens and repairs the skin

**Q: What skin concerns can I address during a facial?**

A: Each facial is customized to treat all skin concerns, as most people have more than one.

- Acne and Adult Blemishes  
Whether you are experiencing acne for the first time or you have been suffering for many years, we can help you achieve clearer skin through proper home care and monthly professional treatments. We form a partnership, and together we can improve your skin's health. With realistic expectations, your acne can be controlled to reveal your beautiful skin.
- Youth-Renewal and Anti-Aging  
Slow down the biological and hormonal degradation by making smarter and advanced choices in both lifestyle and skin care rituals. Preventative and proactive care can make your skin look younger than its biological age.
- Sensitive Skin and Rosacea  
For clients experiencing Rosacea, Eczema, radiation/chemotherapy or dry and sensitive skin, rejuvenate and strengthen your tired skin. Improve hydration, nutrients delivery, and minimize your sensitivities.

- Hyper-pigmentation  
We are offering the homecare products along with many different professional protocols to individually treat your unique uneven skin tone pigmentation issues.

**Q: What can my skin expect?**

A: Your skin will have a beautiful glow, and you will leave feeling refreshed and rejuvenated. Our natural, youth-renewal treatment results are tailored to your skin's individual needs using the highest quality, organic, wild-crafted ingredients and leading procedures.

- Boosting of the metabolic rate of cells through increased oxygenation and optimizing cellular functions (stem cells)
- DNA defense through a blend of omega-fatty acids, astaxanthin, Vitamin C esters and stem cells
- The repairing of DNA damage through the use of plankton enzymes to undo the damaging effects of UV exposure
- Anti-Inflammatory approach to the care and treatment of the skin that avoids harsh chemicals or pharmaceuticals with cytotoxic activity
